Oxford and Edinburgh World Conferences, 1937

GEOGRAPHICAL CLASSIFICATION OF AMERICAN DELEGATES, ALTERNATES AND OFFICIALLY APPOINTED MEMBERS,

Also of Associates and Registered Visitors.

Carrying home the Message of the Oxford and Edinburgh Conferences to the American Churches is primarily the responsibility of local leaders. They will doubtless know who attended the Conference from their own communities, but may wish also to have the names of all who live near enough to them to be called upon for assistance in follow-up work.

The following names have been compiled from the published Oxford and Edinburgh lists in two sections; first, a list of the regular delegates, alternates and co-opted delegates to either Conference, all of whom were active participants; second, a list of Oxford "associates and visitors" and Edinburgh "registered visitors." This second list is incomplete because no actual roll was kept and, in the case of the Edinburgh Conference, may include persons who registered in advance but did not actually attend.

The lists are classified geographically by regional centers or groups of states.

Letters following the name of each delegate indicate whether he attended the Oxford Conference or the Edinburgh Conference, or both; his denomination is also indicated. The letter (V) in parenthesis, following the symbol for either Conference, indicates that the delegate was an associate or visitor at that Conference. (Y) indicates that he belonged to a Youth Delegation.
